

INFORMATION GUIDE

2020-2021

COMMUNITY COMMITMENT

The MtA Sackville Bubble existed before 'bubbles' became a part of our pandemic vocabulary.

Students have long referred to their time at Mount Allison as living in the 'Sackville Bubble.'

The bubble has always represented a space where students and the entire community can feel a shared inspiration and connection — enveloped by the belief that we are all in this together.

Now, more than ever, we are all focused on that connection and commit to taking the necessary steps to foster a safe, healthy, and supportive environment for everyone in the bubble during these unusual times.

We live, work, and study alongside each other. From a public health and safety standpoint, we are interdependent. Our actions and decisions have a direct effect on each other.

SHOW YOUR COMMITMENT TO THE MTA SACKVILLE BUBBLE

Available at the MtA Sackville Bubble Welcome Centre (August 14-September 7), the MASU Office, Town Hall, or Bagtown Brewing Company — and share on social media! #MtASackvilleBubble

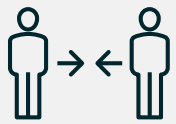

Make the commitment to do your part to protect everyone in the MtA Sackville Bubble:

1 Commit to helping break the lines of COVID-19 transmission.
Simple, individual actions can directly reduce the risk of community spread. Respect physical distancing (2 metres), only gather in small groups, wash your hands frequently and for at least 20 seconds, and wear a non-medical mask as required and when physical distancing is not possible.

2 Commit to remaining vigilant and protecting yourself and others — on and off campus.
Follow all health-related measures that are instituted by the Province and those put in place by the University, the Town, local businesses, and landlords.

3 Commit to staying informed on how you can help ensure a safe and healthy community.
Follow the steps that Mount Allison, Sackville, and New Brunswick are taking to reduce the risk of COVID-19 transmission. Information can be found at mta.ca/fall2020, sackville.com/covid-19, and gnb.ca/coronavirus.

4 Commit to upholding University, municipal, and provincial regulations around COVID-19.
Mount Allison and the Town of Sackville, in cooperation with Public Health and the RCMP, will promote awareness and enforce rules and regulations around COVID-19 safety measures.

RESPECT PHYSICAL DISTANCING (2 METRES)

ONLY GATHER IN SMALL GROUPS

WASH YOUR HANDS FREQUENTLY

WEAR A NON-MEDICAL MASK AS REQUIRED

On behalf of Town Council, and our entire community, I want to officially welcome you to Sackville and the MtA Sackville Bubble!

We are working hard with our friends at Mount Allison and community partners to make you feel safe, secure, and supported in Sackville this year and throughout your time at Mount Allison.

We're very fortunate in Sackville to be situated in a rural part of Canada with extensive outdoor landscapes and an incredibly strong sense of community — ensuring there is no place you'd rather be in these unusual times.

MAYOR JOHN HIGHAM

Mount Allison is fortunate to be at the heart of a community that graciously welcomes our students each year and is focused on working together to make the MtA Sackville Bubble safe, secure, and supportive. Now, more than ever, we all need to make the commitment to do our part to protect the bubble.

We know this year will be different than a typical year at Mount Allison, but we are doing everything we can to deliver the true Mount Allison experience — just in different ways.

Thank you for joining us here in Sackville in this most unusual of times. We wish you a safe and memorable year!

DR. JEAN-PAUL BOUDREAU

President and Vice-Chancellor

On behalf of the Mount Allison Students' Union (MASU) — welcome everyone! The MASU Executive is happy to collaborate with Mount Allison University and the Town of Sackville on the MtA Sackville Bubble and our first-ever Welcome Centre, as you arrive to Sackville under this "new normal."

Things may be a little different, but please know that in living in Sackville, you are members of a resilient community. We're here to support one another and to make sure that your Mount Allison experience is just as exciting and memorable as ever. Welcome to MtA!!!

JONATHAN FERGUSON

MASU President

FACE MASK BASICS

Information provided by the Tantramar COVID-19 Task Force

Face masks are required in public by the Government of New Brunswick when physical distancing cannot be maintained. Wearing a face mask can prevent respiratory droplets from contaminating others or landing on surfaces, they DO NOT protect the wearer. Physical distancing and regular hand washing are ALWAYS encouraged to protect yourself.

FACE MASKS SHOULD:

- allow for easy breathing
- fit securely to the head with ties or ear loops
- maintain their shape after washing and drying
- be changed as soon as possible if damp or dirty
- be comfortable and not require frequent adjustment
- be made of at least two layers of tightly woven material fabric (such as cotton or linen)
- be large enough to completely and comfortably cover the nose and mouth without gaping

FACE MASKS SHOULDN'T:

- be shared with others
- impair vision or interfere with tasks
- be placed on children under two years of age
- be made of plastic or other non-breathable materials
- be secured with tape or other inappropriate materials
- be made exclusively of materials that easily fall apart, such as tissues
- be placed on anyone unable to remove them without assistance or anyone who has trouble breathing

HOW TO PUT ON, USE, TAKE OFF, AND DISPOSE OF A MASK:

Before putting on your mask, WASH YOUR HANDS.

Cover your MOUTH AND NOSE and make sure there are no gaps between your face and the mask. DO NOT TOUCH your mask once it is on, if you do, wash your hands.

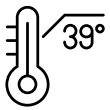

Replace your mask as soon it is damp or dirty. REMOVE mask from the BEHIND, DO NOT TOUCH the front.

WASH reusable masks. DISCARD single use masks (DO NOT REUSE). WASH YOUR HANDS once you have taken your mask off.

BE PREPARED

Due to COVID-19, we suggest that you have with you in residence or your apartment the following supplies. Here are also tips on staying healthy and steps if you get sick.

SUPPLIES TO KEEP ON HAND:

- Thermometer
- Tylenol or no name acetaminophen — recommended for reducing a fever
- Throat lozenges
- Kleenex or tissues
- Lots of fluids (non-alcoholic) — water, juice, Gatorade, tea — important to avoid dehydration
- Warm blankets and pillows
- Clean PJs
- Non-medical masks
- First aid kit including band aids, disposable sterile gloves, tweezers, Polysporin,etc.
- Hand sanitizer
- Hand soap
- Flip flops for use in showers
- Small fan
- Non-perishable foods such as canned soups, noodles, and rice

HOW DO I STAY HEALTHY?

- Wash your hands often with soap and water for at least 20 seconds
- Drink lots of fluids
- Keep your room clean
- Don't leave dirty laundry lying around
- Change your bed linens weekly
- Clean surfaces often — desktop, bathroom sink/ shower, door knobs
- Empty your garbage often — don't let it pile up
- Do not gather in your room — go outside for a walk with your friends
- Have cleaning supplies on hand — paper towel and disinfectant

WHAT IF I GET SICK?

- Take the Government of New Brunswick self-assessment online in order to identify the next steps for your symptoms: gnb.ca/coronavirus
- If warranted, call **811**. Public Health will then advise you about testing.
- If in residence, you are encouraged to report your illness to **Residence Life Manager Karen Geldart** at **364-2121** (office) or **e-mail kgeldart@mta**.ca in order to arrange support and services.
- If you live off campus, you are encouraged to report your illness to the **Wellness Centre** at **364-2163** or **health@mta.ca**

WHAT ARE THE SYMPTOMS OF COVID-19?

SYMPTOMS HAVE INCLUDED:

- Fever above 38 degrees Celsius
- A new cough, or worsening chronic cough
- Sore throat
- Runny nose
- Headache
- A new onset of fatigue
- A new onset of muscle pain
- Diarrhea
- Loss of sense of taste
- Loss of sense of smell
- In children, purple markings on the fingers and toes
- Difficulty breathing

IF YOU HAVE TWO OR MORE SYMPTOMS FROM THE LIST ABOVE, WHICH ARE UNRELATED TO PREVIOUS CONDITIONS, YOU SHOULD:

1. Stay in your room or apartment/house
2. Take a self assessment at **gnb.ca/coronavirus**
3. If warranted, call **811** . They will tell you what to do next.

If you or someone else is having difficulty breathing or experiencing severe symptoms, call **911** immediately.
