The Province's Move to GREEN

The Province's Mandatory Order will be lifted as of midnight on Friday, July 30, 2021. As restrictions are lifted, here is how the Town is transitioning to Green:

Masks: While no longer mandatory in Town-owned and operated facilities- with the exception of the Visitor Information Centre (VIC). Masks are a personal choice and the Town supports employees and visitors who continue to wear them.

Town Facilities: All Town facilities are now open to the public and return to normal capacity. Masks are not mandatory with the exception of the Visitor Information Centre (VIC). The VIC will continue to require masks for staff and visitors given the volume and nature of users (Seniors, families with small children). The green roof at Town Hall is now open to the public and trails in the Waterfowl Park are no longer one-way.

Covid-19 Testing and Vaccination Clinics at Tantramar Memorial Veterans Clinic: The Horizon Health Covid-19 testing facility will continue to operate in the mezzanine of the Civic Centre. Vitalité will continue to host periodic vaccination clinics at the Civic Centre over the next few months. Residents are encouraged to do their part in keeping the community safe and get vaccinated. Book an appointment through your local pharmacy or Provincial Health Authority.

Special Events and Programs: There are no longer any size limits on special events and operational plans are no longer required for special events and/or Town facility rentals.

Council meetings: Council began meeting in person in Council Chambers on June 14 and welcomed back a limited number of the public on July 20. Moving forward, we are using a phased approach and limiting the in-person public to twenty (20). Residents need to preregister by 4:00pm on August 3 with the Clerk's Office (email d.beal@sackville.com). Masks are optional. Meetings will continue to be live-streamed and residents can watch via Youtube or participate via Microsoft Teams **here**.

Local Businesses: While mandatory restrictions will cease, some facilities and businesses may choose to maintain their own policies on protective health measures. Employers can consult the **WorkSafe New Brunswick Communicable Disease Prevention Guide**.

Travel Restrictions: All provincial border restrictions are lifted and provincial border checks will cease. Registration no longer be required to enter New Brunswick from anywhere in Canada.

The **Living with Covid Guide** provides an overview of how protective health measures can be incorporated into our lives to protect businesses, organizations, and communities.

Annual Resident's Survey Follow-up

Each year we invite residents to participate in a Residents' Survey to help give us an idea of how we are doing as a Council and staff and where we can improve. Given the unique year we all just experienced, we are doing some extra follow up.

Overall, we are quite pleased with the results of the survey, but there are a couple of items we would like to continue to improve upon. For example, only 41% of residents who participated in the survey indicated they are happy with our leadership and budgeting process. We also scored low in customer service.

As a result, we are asking you to elaborate and provide us with some guidance on how we can improve our services to you. A follow-up survey is now available online. You can access the survey by **clicking here**.

Town response to Green Paper on Local Governance Reform

The Sackville Memorial Hospital Auxiliary: Celebrating 75 Years

The Auxiliary missed celebrating a very big birthday this past year. 75 years ago, some of the ladies of the area were reviewing the needs related to opening of the Sackville Memorial Hospital. This organization became known as the Auxiliary. It still exists today and meets to review the needs of health care in the Tantramar area.

In the last 75 years the Auxiliary of the Sackville Memorial Hospital has spent over $1.5 million on the care of locals, hospital staff, and equipment. Come past projects included purchasing a bed for the night staff in x-ray, a new blanket warmer, the new dishwasher, a state of the art baby pod, donations to the Drew and Port Elgin nursing homes, mental health support at the Tantramar High School and even the COVID teddy bear campaign. The Auxiliary also recently increased their scholarship program in hopes of helping the on going needs for medical staff.

The Auxiliary would like to thank all of the volunteers and individuals who support them. Donations, 'in memory of donations', and shopping for items from the hospital gift shop all go to fund the health and well being needs of the residents of the Tantramar.

For more information about the Auxiliary, contact the Board President, Audrey Hicks at 1-506-536-1067, or Vice President Katherine Marlin at 1-506-536-4628. New members are always welcome.
