Tantramar Update

January was a busy month for staff and council as we work to transition services and the first council meetings took place. Here are some updates for Tantramar residents:

The first Tantramar council meetings were held on January 10 (Regular Meeting) and January 24 (Committee of the Whole). Recordings of the meeting are available **here**.

@TantramarNB will become the official social media handle for Tantramar on February 13th. As of the 13th all communications moving forward will be @TantramarNB on Facebook, Twitter, Instagram and Youtube! @VillageofDorchesterNB and @Sackvillenb accounts will be closed.

Residents can contact Mayor and Council through temporary @sackville.com emails, available **here**. Once the domain name for the Tantramar website is finalized, email addresses will be updated to reflect Tantramar.

Information is currently being shared on both the Dorchester and Sackville webpages. Once we confirm the domain for Tantramar, information will be consolidated on one website. The plan is to switch the address of the current Sackville site and update it to reflect the new community of Tantramar.

The Tantramar Municipal office location in Dorchester at 4984 Main Street will experience a temporary closure as further building assessments are underway. The closure will be reevaluated on February 10th, 2023. In-person services are available in Sackville at 31C Main Street or by phoning 364-4930. To request additional assistance or to schedule an appointment in Dorchester please email treasurer@dorchester.ca.

Do you have an after hours public works emergency? Please call 506-364-4960. Any other questions about services or operations for Tantramar can be sent to info@sackville.com and we'll connect you with the right department. This email will be updated once we secure our Tantramar domain name.

There will be growing pains as we transition to Tantramar and we're working hard to make sure important information is communicated effectively to residents.

A Poem from our Poet Laureate

Spell for Learning a New Language

This rain is heavy.
And I've been watching the apples
on the tree we planted ripen
just as if these days weren't numbered,
as if the summers don't keep getting hotter and hotter
and I don't lay awake at night
worrying about a day when there isn't fruit
to go around.

After months of
stepping more lightly on the stairs,
of keeping our touches gentle
and our embraces respectful,
of being attentive to boundaries
and yielding to her autonomy,
the cat is finally learning to trust us.
Everyday, she sits a little bit closer;
she gets over her fear of the couch;
she sleeps next to us in bed.
And I am learning a new cat language of love-
the low rumble of her small body
purring on the pillow beside my head.

Update at the Sackville Memorial Hospital

(SACKVILLE) Monday, Jan. 9, 2023: Horizon Health Network (Horizon) is making progress in its efforts to recruit and retain frontline health care workers at Horizon's Sackville Memorial Hospital (SMH), while also moving forward with key infrastructure upgrades at this facility.

In collaboration with the community, targeted recruitment efforts in Sackville have yielded positive results, with several nurses joining the SMH team and strengthening staffing resources in the hospital's Emergency Department (ED) and inpatient units. This progress reflects Horizon's key priority of improving the recruitment and retention of health care workers to our organization.

Horizon has successfully recruited and onboarded five Registered Nurses (RNs) who are now caring for patients in the ED, while a total of five Nurse Practitioners (NPs) are now working in the ED. Additionally, Horizon has added nursing support to other areas of the hospital, including the Brunswick inpatient unit. Overall, 19 of 24 RN positions at the hospital are currently filled, and Horizon's talent acquisition teams are continuing to aggressively recruit to fill the rest.

While there is more to be done before 24-7 ED coverage in Sackville can be restored – notably the need to recruit additional physician support – Horizon remains fully committed to this objective. Horizon will need to recruit approximately four ED physicians and two RNs in order to safely resume 24-7 ED operations in Sackville.

Horizon representatives are continuing to engage collaboratively with members of the Sackville-Memramcook-Tantramar Rural Health Action Group to identify and execute strategies aimed at better promoting the hospital – and the community – as a quality place to build a career in health care while enjoying all the area has to offer.

The collaborative model of community engagement in Sackville is being used as a template for building sustainable rural health care opportunities in other New Brunswick communities experiencing similar challenges recruiting and retaining health care professionals and providing quality health care services to residents.

Horizon is also preparing to move forward with significant capital upgrades at SMH in the coming months, including construction of a second operating room (OR) theatre, renovations to the existing OR, as well as renovations to a section of the ED which sustained flood damage during Hurricane Fiona in September. The construction of the second OR theatre will enhance surgical access for the region, providing additional capacity for orthopedic surgeries such as hip and knee replacements and, potentially, a wider variety of surgical procedures moving forward.

Horizon is investing approximately $2 million into this project, with work expected to begin by late spring 2023. This plan will include provisions for short-stay surgeries, where patients could remain in inpatient unit overnight for certain procedures.

"This collaborative approach ensures more New Brunswickers can access vital care closer to home, but we also believe Horizon's underlying commitment to improving health outcomes with communities, will also save the province vast sums of money," said John Higham, co-chair of the Rural Health Action Group.

Connecting Farmers and Consumers: Locally Grown Food Options

In the interest of supporting local food, each month we will provide a list of local farmers and the goods and services they provide. Below is a list of farmers and food producers waiting to serve you.

Wysmykal Farm
Wysmykal Farm will be selling organic vegetables at the Sackville Farmers Market on Saturday mornings. They have lots of greens available and will soon have tomatoes.

Jolicure Farm
Jolicure Farm will be at the Sackville Farmer's Market year round. Several varieties of fresh tomatoes are still available, spinach, garlic, squash, onions, leeks, fennel, lemon grass, rosemary and much more! They also bake fresh bagels and will soon be offering dried tomatoes and gluten free Kale crackers! Samples will be available.

Dixon's Farm Fresh Beef
The Dixons continue to welcome customers to their farm and also the Sackville Farmer's Market, which will be at their winter location on Lorne Street.

Sackville Food Bank: In Step with Community Needs

Over the past year Canada has seen a dramatic rise in people in need of help. Rising food prices, rent increases, inflation in general, now make it impossible for many employed people to make ends meet, and are increasingly turning to their food banks. To help make food more available to all users, the Sackville Food Bank has recently undertaken two initiatives. In addition to its regular opening hours, 9 – 11:00am on Wednesdays, for greater convenience, the food bank is now also open Tuesday evenings, 6:30 – 7:30pm. The Sackville Food Bank is located at 9 Willow Lane, (down the alley between Jean Coutu and Royal Bank), parking available at back. New users are asked to complete a short application. For more information, please call the Office: (506) 536-4164.

People can also visit the Community Cupboard, located at 18 Lorne Street, an actual cupboard with a variety of food items and supplies such as cereal, pasta, skim milk powder, granola bars, pet food, hygiene products. The Community Cupboard is open 24 hours a day 7 days a week. Donations welcome but, please, no perishable, canned or bottled food in wintertime. An addition, which will contain a refrigerator, is being built by our amazing Tantramar Senior Highschool students.

These initiatives, in addition to the ongoing work of the Sackville Food Bank, would not be possible without the support of Sackville residents and businesses. It's their generous donations that make the difference between children going to bed hungry and children going to sleep with a full belly! THANK YOU.

Welcome everyone and don't forget your grocery bags!

Tantramar Volunteer Drivers Needed

Urban/Rural Rides is a volunteer driver service that assists seniors in the area who do not have access to transportation to get to medical appointments. Seniors living in rural communities who do not have family handy and are unable to drive themselves find it difficult, and in some cases, impossible to access the medical care they need. Urban/Rural Rides seeks to fill that gap by offering a safe, affordable option by using volunteer drivers.

Volunteers use their own vehicles and are reimbursed $.46/km for the expense of using their vehicle. Volunteers undergo a simple screening process before driving clients to appointments.

Becoming a volunteer driver is a great way to give back to your community and to make an impact in a real and tangible way. Many volunteers find that helping others in their community this way enhances their lives as well and often creates new friendships and connections within the community.

If you would like to volunteer as a driver and help change lives one ride at a time, please call 962-3073 or visit **www.urbanruralrides.ca** for more information.
