We loved our Summer Hiking Series with the Tantramar Outdoor Club so much that we have decided to do a Fall Hiking Series as well! Every Saturday in September there will be a different hike. All hikes will meet at the parking lot between Goya's and the Post Office at 9am to arrange car-pooling. Please register at www.TantramarNB.com/programs.

Saturday, September 7th – Devil's Bend trail in Economy, NS. This gorgeous small trail follows the Economy River upstream to the Economy Falls. The return trip is 14 km of walking, with muddy sections, obstacles in the form of roots and rocks, and with some steep and long ups and downs. This hike is an all day event and to join you should be 'hiking fit' (or very stubborn!). If you have knee trouble, this hike is not for you. We will be back in Sackville at 5:00 PM at the absolute earliest, and may well stop for dinner on the way home. Hiking poles recommended. Rated difficult.

Saturday, September 14th - Pugwash Estuary trails. Rescheduled from the summer, this is a beautiful addition to the fall hikes! We will start by walking the 6 km Peace Trail, which follows the Pugwash river as it winds towards the Northumberland Strait. The trail is small and has a few obstacles, a few trees down and the usual roots and rocks. There are some short steep sections. We will then hike the shorter and mostly flat 3 km Pugwash Estuary loop, an easy trail through forest with extensive Fiona damage, followed by great views over the estuary, with lots of opportunities for bird sightings. Rated moderate.

Saturday, September 21st - Pink Rocks Trail to Pink Rocks beach. This is a favourite local Bay of Fundy hike! Parts of the trail can get very wet, but the Dorchester Trails committee has done an excellent job of creating walkable routes around the puddles. The beach is exquisite and provides lots of additional walking. 6 km return on the trail, + beach walk (1-3 km possible) easy-moderate, flat terrain

Saturday, September 28th - Dobson Trail section 1. This first section of the famed Dobson trail starts in Riverview and follows Mill Creek upstream. We will walk this as a there-and-back trail, so it will be up to participants how far we go. 10 km estimate, some hills, on a well established trail. Rated Moderate.

Day Surgery Program at Sackville Memorial Hospital Campaign

Campaign for **Sophisticated Surgery Gear** to boost Day Surgery Program at SMH

CAMPAIGN GOAL $225,000

When you or your loved ones need surgery, complicated or not, you want peace of mind knowing the surgical team at Horizon's Sackville Memorial Hospital (SMH) has the best tools for the job.

The SMH Foundation has launched the **Supporting Every Step Expanding Surgical Care** Campaign with an ambitious **$225,000** goal, to ensure our surgical team has advanced technology to offer optimal and timely care for surgical patients. This is in addition to Horizon Health Network's $2-million investment in the current Operating Room (OR).

For over 30 years, the SMH has been renowned for its exceptional Day Surgery Program, offering over 240 types of Orthopedic, Plastic, Urology, Vascular, Obstetrics/ Gynecology, ENT (Ear Nose Throat), and General surgeries. In fact, more than 2,000 surgical procedures were performed at our facility in a 12-month period; a significant increase over the last three years.

And, it's about to get better with your help.

Ramping up the program at SMH will help alleviate the backlog of less complex day surgeries, allowing quicker access to more complex ones at The Moncton Hospital—a win-win for the broader health care system.

The purchase of an array of modern surgical gear has many benefits, including:

- Reduction in surgical wait times;
- Increased access to acute care operating time at The Moncton Hospital for larger, more acute, surgical cases;
- Availability of different types of surgeries, i.e., hip arthroscopy;
- Ensured availability of necessary equipment onsite at SMH for surgical procedures, rather than shared with The Moncton Hospital.

SMH is working to reduce wait times for New Brunswickers in need of orthopedic and ENT surgeries. This equipment will allow for an increase in the number of patients who could receive surgical care in Sackville.

Supporting Every Step

Expanding Surgical Care

CAMPAIGN 2024

Funds will purchase Hip, Knee, Shoulder Arthroscopy (orthopedic) instruments, Warming Cabinet, Surgical Suction System, ENT devices, and iSimulate (a cutting-edge tool for staff which ensures they are well-prepared for a variety of medical scenarios).

Campaign Chair Carolle de Ste. Croix says your support enables us to equip our local hospital with advanced surgical equipment, transforming it into an important surgical access site. **"Together we're nurturing hope, facilitating recovery, and supporting every step of a patient's journey back to wellness."**

If you would like to donate, you can contact the Foundation at 364-4205, drop by the hospital, or donate securely on-line at **smhf.ca/donate**.

If the campaign goal is exceeded, any additional funds will be used on the Hospital's other priority needs.

smhf.ca All money raised is used locally to enhance patient care at the Sackville Memorial Hospital.
